

## CLEARANCE FORM MASTER THESIS/SENIOR PROJECT/RESEARCH

The Chemistry Department will not accept your Thesis or project paper until you have thoroughly cleaned your lab area, returned all glassware and equipment to the stockroom, and properly disposed of all waste you generated in the course of your research.

Your research director will certify lab area cleanup. The stockroom will clear your account for glassware and equipment. The stockroom will also log in all waste remaining at the end of your research- you should gather it together in proper containers and take it to the stockroom for inspection.

Senior Project - this sheet, with appropriate signatures, should be presented to Dr. Samir J. Anz along with your bound paper.

Master Thesis - this sheet must be filed with the office of the department chair before defense will take place.
