Advising Notes:

1. This sheet is to be used in conjunction with the other sheets in the FMAM advising folder on blackboard.csupomona and /or in the FMAM advising packet.
2. This shows how a FMAM student would schedule all of their requirements to complete their degree in 4 years. This plan is for a freshman entering as a FMAM student who does not change majors. If a student is a transfer or change of major they should see their FMAM advisor to determine how this needs to be adjusted.
3. You must pay attention to completing the 100 and 200 level GE, FMAM support and FMAM core courses during your Freshman and Sophomore years. Do not put those off.
4. If you are taking remedial math take STA 120 the following quarter.
