*Charles B. Reed*

I am transmitting a copy of Executive Order No. 751, which establishes principles for the development of campus policies and procedures governing centers, institutes, and similar entities. It supersedes Executive Order No. 729 and is intended to clarify the principles and to allay the concerns of the Bureau of State Audits regarding reports to the Chancellor.

If any centers, institutes, or similar entities are created at the system level, they should be in conformity with analogous principles.

In accordance with policy of the California State University, the campus president has the responsibility for implementing Executive Orders where applicable and for maintaining the campus repository and index for all Executive Orders.
