Featuring Award Winning Educator

RICK MORRIS

Educator and author, Rick Morris, is a recognized specialist in the field of classroom management and student motivation. Morris has written and published four books, in addition to inventing and producing four classroom tools. A gifted speaker with a proven talent for motivating educators of all ages, Rick Morris's workshop will inspire the teachers to incorporate his exciting management tools into their classrooms.

In this seminar you will learn how to:

- Create a dynamic environment that supports the learning of every student and promotes responsible behavior
- Use classroom-tested strategies that will increase the quality of teaching and learning in your program
- Use innovative ideas that translate current educational research into usable classroom techniques
- Build your own classroom tools and strategies that you will be able to use year after year
- Maximize the power of your natural teaching style
- Become a teacher who is fair, firm, and consistent
- Increase your teaching effectiveness
