Dear Landscape Architecture Student...

The department would like to remind you that all students need to be in your given studios during normal studio hours during the week of April 23-28... the 50th Anniversary. Students will be excused from class only to attend the Wisdom Week events they have signed up for, otherwise the department will have a range of tasks for you to engage...e.g. displaying studio work in studios and cleaning up the building[s]. It is critical that we gather as a departmental community in order to put our best foot forward for our visiting alumni and friends.

Additionally please note that the department needs a number of student volunteers for the different events... if you are interested [an we hope you are] please send an email to cppla50@gmail.com with your event[s]. We especially need help with the LOCAL FOOD BBQ Lunch prep and serving.

Students are all also INVITED to attend the two panel discussions [Friday + Saturday], the Alumni Led Events on Friday and the Keynote address on Saturday morning. Attendance of all other events [especially the party Friday night] will require a volunteer effort by the student to cover the cost of your attendance... basically if you want to eat you must VOLUNTEER.

The department hopes to see you volunteer and help makes this event a great success.

*** students attending the different Wisdom Week Events need to be self-reliant and responsible for attendance and directions. Info can be found on the website and any specific questions can be sent to Ken Nakaba. PLEASE be ON TIME and remember you represent all of us.

With your help we are sure to have a GREAT 50th Anniversary celebration! www.cppla50.com

LEGEND

Student Based events with entirely student participation

Alumni Based Events with student hosts/ volunteers

BY INVITATION ONLY

***need** Student volunteers at each event:

- * Photographers
- * Hosts
- * Jere French Book table
