

2010 PLTW Winter Training
at Rochester Institute of Technology

January 22-31, 2010

Introduction to Engineering Design (IED—DDP in NYS)

Digital Electronics (DE)

Principles of Engineering (POE)

(Final course selections are dependent on sufficient enrollment)

COSTS:

Registration—\$2,250 and Room/Board—\$950

REGISTRATION DEADLINE:

January 8th—fax completed form to 585-475-4740

QUESTIONS:

Bonnie Travaglini (585-475-4744 or bgt8830@rit.edu)

For districts who hired new PLTW teachers at the end of summer or who have teachers who were unable to attend the summer training sessions. The course content and training hours (80) will be the same as in the summer training sessions. **The course runs nine consecutive days, including weekends.** Individuals who successfully complete training will receive a certificate of completion. These courses also qualify for RIT graduate credit. **The training costs are eligible for aid for NYS districts associated with a BOCES,** if processed through Monroe2-Orleans BOCES. BOCES #2 will issue mileage checks directly to each teacher who attends the RIT sessions. A bill for the additional authorized charges will be sent to your district. Cross contract forms will be initiated by Monroe2-Orleans BOCES staff. This aid does not apply to NYS city districts and regions or out-of-state teachers.
