SDLI Speaker

Beta Karimzadeh from Cal Poly's Student Development & Leadership Institute (SDLI) came to last Thursday's general meeting, **November 9**. Beta discussed numerous fun workshops that are offered to help build skills in leadership, communication, and networking. Once an individual completes the program, by attending a series of workshops, they receive a certificate that states they are a "Certified Leader." One key fact that was stressed during the meeting is having items on your resume that help allow you to stand out above the rest, and this is definitely one of them!

If you would like more information on the SDLI program, you can visit their website at www.dsa.csupomona.edu/division/leadership/.

Stock Challenge

Currently, the stock challenge has reached its full capacity of ten competitors. However, more slots will be opening in the upcoming week. For those who are interested in joining please contact Jaime Saucedo at

cobainjames84@msn.com. The stock challenge Mock Trial has already started, since **November 2nd**, and will end at the end of the quarter, **December 8**. Remember, in order to participate in the (Real) Stock Challenge, you must have registered in the Mock Trial.

The Stock Challenge is a great way to learn effective investment skills, and 1st & 2nd place winners receive a cash prize. So, if you're interested in participating there's only three weeks left to register!

Resume Anthology

The Finance Society would like all its members to take part in the compiling of a resume anthology which will be sent out, by our Department Head Dr. Kash, to the top 100 Forbes Corporations. In addition, producing the resume anthology is one of the many criterions in maintaining our *FMA Superior Chapter* designation, and it will also be sent out to FMA. If you would like to participate and add your resume to this booklet, please submit your final draft to Jaime Saucedo at cobainjames84@msn.com no later than **December 1**. The subject matter should read "FS Resume from (your name)".

On **November 30** we will be holding a Resume Workshop. A representative from the Career Center will come and speak to us about effective resume writing tips, provide us with strong and assertive interviewing techniques, and more.

Note: Only paid members will have the opportunity to participate. As

mentioned previously, this Resume Anthology is a key incentive of becoming an active member within our prestigious society.

Quote of the Week

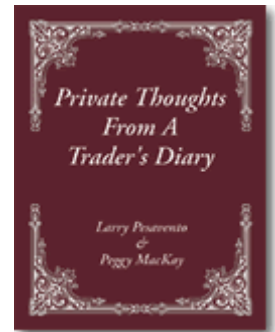

“Markets are constantly in a state of uncertainty and flux and money is made by discounting the obvious and betting on the unexpected.”

– George Soros

Private Thoughts from a Trader's Diary

Imagine sitting in the trading room of two professional traders, and have them share with you the complete details of each trade they make for weeks! They share with you the exact reasons they decide to make each trade, how they select an entry point and initial stop, how they adjust their trade as it moves in their favor, how they decide on when and where to take profits (and why), and every other aspect of their decision making process.
