Stock Challenge Recap

The stock challenge will include the following – stock trading (long and short), options trading and money market. No bonds will be available for investment. The commission will be twenty dollars per transaction and each registered member will start off at \$100,000.00 (play money). The trial period will begin November 2nd and run through December. Starting

January the real challenge will begin at which point only members who have participated in the “trial period” will be able to join the actual competition. Once an FS paid member decides to join the stock challenge he/she will be provided a password that will be used to access the stock challenge game through Investopedia.com. At the end of the challenge winners will be selected. The first place winner will receive a prize of \$100.00 (real money), second place winner will receive a prize of \$50.00 (real money) and third place will receive a gift certificate to Jamba juice. The selection will be based on the total amount of profit made on the member's portfolio.
