Spring Quarter 2006

Message From the Editor

Hello everyone and welcome once again to the Cal Poly Pomona IEEE Student Branch/Section Newsletter. This is the third and final edition of the newsletter published by me. I have had such a wonderful time being the Newsletter Editor for IEEE. I have been fortunate enough to experience the various meetings, outings, new friendships and valuable opportunities for networking that IEEE has to offer. The past year has been very rewarding. Once again, thank you for taking the time to read through this newsletter.

Mark Dimalanta

Spring 2006 Career Day & Summer Job Fair

April 20, 2006

This quarter's job fair was hosted outside by the quad where approximately 193 companies attended to eager students waiting for a temporary, internship, or full-time career. This event was open to all majors, all class levels, and was open to the public. Earlier in the week, the Career Center hosted a "How to Prep for Career Day" workshop, as well as *Resumaniac*, where "on-the-spot" resumes were checked by various employers including Lockheed Corporation and Fluor Corporation.

p2.	2005-2006 IEEE Officers

Wireless Telecommunications Symposium

April 27-29, 2006

Co-Sponsored by the IEEE Telecommunications Society and many others, the 5th annual Wireless Telecommunications Symposium (WTS) was held at the Kellogg West Conference Center. This event was a great way for others to exchange valuable information about topics on the innovation of wireless communication such as wireless networking, mobile communications, and the advances of technology in today's society. During the 3 days, there were a lot of activities planned: Welcoming and Alumni Dinner, panel discussions throughout the day on various topics, accepted technical research paper presentations, and keynote addresses by Mike Lazaridis (Founder, President, and Co-CEO of Research in Motion) and by Dr. Charles Elachi (JPL Director). Additionally, workshops and tutorials were offered, as well as a reception and a very interesting tour of the NASA Jet Propulsion Laboratory located in Pasadena, CA. WTS would not have been possible without the help of Cal Poly Pomona's Clubs, IEEE and SWIFT, where many members volunteered their time by mailing information letters, offering assistance at the registration desk, and introducing several speakers. WTS was a success and Cal Poly Pomona was proud to host this event.

IEEE Officer Elections

May 11, 2006

Want to contribute to IEEE but don't know how? Try running for an officer position. Do you have what it takes to lead a group of over 200 members and to keep things flowing smoothly? This is the perfect opportunity for you to show your leadership skills. On May 11th, IEEE Officer Elections will be held in 9-405 at noon. Potential candidates must be prepared to introduce themselves and to make a speech about what plans they will have for the next academic year. There are various positions open such as President, Vice President, Treasurer, Program Chair, Corporate Relations, etc. Don't miss out on the upcoming elections, this could be your chance to hold a strong position in IEEE.

IEEE Merchandise

Don't forget to stop by the club room, 9-503, to pick up some IEEE Merchandise. Ask for Diane or Ishvinder, they will gladly assist you in finding the right things you need. Are you looking for a new binder, t-shirt or resistors for your labs? We've got them all in 9-503. T-shirts come in black or white in various sizes and are only \$10. Resistors and gate packages are available too, for only \$10.

You can get your very own IEEE shirt for only \$10!

CALENDAR OF UPCOMING EVENTS:

- MATLAB Workshop ----- May 4th, 2006
- Registration Week ----- May 8th - 19th 2006
- IEEE Elections ----- May 11th, 2006
- Student Club Leadership Retreat --- May 13th, 2006
- CoE Symposium ----- May 19th, 2006
- IEEE Banquet ----- May 25th, 2006
- Memorial Day ----- May 29th, 2006
University Closed
- Finals Week ----- June 5th - 9th 2006
- Summer Quarter Begins ----- June 19th, 2006

2005-2006 IEEE OFFICERS

Name:	Position:
Jim Betz	President
Joel Montiel	Vice President
Mike Borroto	Treasurer
Nhan Pham	Secretary
Morteza Azarmnia Majlind Simixhi	Engineering Council Rep.
Manuel Carrasco Jason Lin	Program Chair
