2007-2008 Kick-Off Meeting

Traffic Calming: The Process and Toolbox

Keynote Speaker - Joel Falter

Joel Falter is currently the Chief Operating Officer of KOA Corporation and has more than 27 years of experience in the field of transportation. He has prepared a wide variety of transportation planning and traffic engineering studies as well as parking, neighborhood circulation, and pedestrian studies for cities, counties, and private development projects. He has recently completed Traffic Calming Design Projects for LA County and City of Rancho Cucamonga. Please make time to join us at Coco's in Ontario Mills.

President's Message

Welcome back everybody:

We've got a busy year ahead and we're gonna kick it off right with some calming tools! Please join us at this informative session and meet and greet your professional friends after a long time yeah that's right, we had our last meeting in June (that's really loong ain't it???)

Don't miss the RSVP deadline... Can't wait to see you all...
