Jenny Lai	Charles Gossett	Sharon Reiter	Chris Crudo	Micki Bryant
	Les Young	Pam Shedd	Rita Haerr	Jeff Hoffman
	Margaret Kasimatis		Karen Brzoska	Koji Uesugi

**Task Force Chair:** Dr. Gil Brum, Professor, Biological Sciences Department

### TASK FORCE CHARGE

#### A. Over-Arching Outcomes

- To improve communication and understanding, as well as increase collaboration among members from different university divisions.
- To base learning-centered activities and recommendations on university-wide input
- To create a ‘university-level learning community’ in order to share ideas and knowledge of learning-centered principles and activities.
- To advance the learning-centered transformation process.

#### B. 2005-06 Outcomes

- Identify and recommend linkages for increased collaboration between divisions.
- Identify and recommend changes to some university structures and/or processes in order to align them with learning-centered principles.
- Increase engagement of the university community by creating opportunities for learning-centered activities and discussions that appeal to the entire campus community.
- Identify and recommend a vehicle to showcase best learning-centered practices on campus.
- Propose ways to connect/integrate the university’s 3 main initiatives: Learning-Centered Transformation, Prioritization/Recovery, and WASC.
- Assess progress toward creating a “tipping point” in CPP’s transformation to a learning-centered university and make appropriate recommendations
- Assess campus community’s understanding of the learning-centered initiative
- Make recommendations on a transformational strategy for 2006-07
