Record Number of Employers Expected at Cal Poly Pomona Engineering and Hi-Tech Job Fair

POMONA, Calif. — Cal Poly Pomona will host its largest-ever Engineering and Hi-Tech Job Fair on Thursday, **Jan. 24**, from 11 a.m. to 3 p.m., in the Kellogg Gym. The event is free and open to the public.

Organizers said the annual event has attracted a record 185 companies, and for the first time a waiting list for recruiters has been instituted.

The job fair is not limited to those in technical fields. Individuals interested in other fields can attend to research companies and network with recruiters, who will be available to answer questions and collect resumes.

“The demand for well-trained employees has been overwhelming,” said Tom Munnerlyn, director of the Cal Poly Pomona Career Center. “There are many opportunities for our students and other qualified participants. The key is for participants to come prepared.”

Jobseekers are encouraged to dress to impress, bring plenty of resumes and be prepared for on-the-spot interviews.

Companies looking to fill full-time, part-time and internship positions include Boeing Co., the State Department of Transportation, DreamWorks Animation, GE Energy, Mattel Inc., Nestle USA, PricewaterhouseCoopers, Raytheon Co., Southern California Edison, the U.S. Naval Facilities Engineering Service Center, Walt Disney Imagineering, and Verizon Communications.

Cal Poly Pomona is located at 3801 W. Temple Ave., in Pomona. Parking permits are required, and can be purchased for \$5 at the Visitor Information Booth located on Kellogg Drive.

For a complete list of participating companies in the Engineering and Hi-Tech Job Fair, visit <http://www.dsa.csupomona.edu/career/>. For more information, contact the Career Center at (909) 869-2341.
