University Policy on Dropping a Course: The responsibility for properly dropping classes rests with each student. Students who do not drop a scheduled class which they are not attending are subject to receiving a failing grade. Program Change Forms are available in the department office. Students may drop a class without penalty (no entry on student's record) through the 5th calendar day of the quarter, with the signature of the instructor. After the 15th day of instruction, students may petition to drop a class only for serious and compelling reasons. Permission to drop during this time period will be granted only with the approval of the professor, the student's major department chair, and college dean. All requests for permission to drop under these circumstances and all approvals will be made in writing on a petition to drop. A statement of the reason(s) for dropping is required. For a course dropped during this period, a W grade will automatically be recorded. Dropping of courses shall not be permitted during the final three weeks of instruction, except in cases in which the reason is due to circumstances clearly beyond the student's control.

Academic Integrity: It is expected that all students are aware of the university policy on academic integrity as outlined in the university catalog.

Student Conduct and Discipline: It is expected that all students are enrolled in this lecture class for serious educational pursuits and that their conduct will preserve an atmosphere of learning. All students are expected to assume the responsibilities of citizenship in the campus community.
