Name \_\_\_\_\_

## EVALUATION OF PROJECT-RELATED REFERENCES

Author of Reference \_\_\_\_\_

Last Name                      First Name                      Initial

Title \_\_\_\_\_

Web Site or \_\_\_\_\_

Journal \_\_\_\_\_

Name                      Web Address    or    Volume    Month    Year    Pages

### *How useful will this reference be to you?*

Not at all useful      A little useful      Somewhat useful      Definitely useful      Extremely useful

“Where,” “How,” and “Why” Comments: \_\_\_\_\_

---

---

---

### *Check the appropriate column after carefully reading the reference to determine if it contains the factor designated.*

Factor	Yes	No
1. Is there a clear statement of the problem? .....	___	___
2. Are any subproblems stated? .....	___	___
3. Are one or more research questions or hypotheses stated? .....	___	___
4. Is the report organized under appropriate headings? .....	___	___
5. Are the data analyzed and interpreted? .....	___	___
6. Are the research questions or hypotheses evaluated? .....	___	___
7. Does the article refer to any related literature? .....	___	___
8. Are the conclusions clearly stated? .....	___	___
9. Are there suggestions for future research? .....	___	___
10. Did you understand the article? .....	___	___

Total the number of check marks in each column: .....      \_\_\_

Multiply the number of YES check marks by 10: .....=      \_\_\_

This is the “scientificness” score for this article.
