

CPU 401 Application

The UWC and Academic Affairs are offering CPU 401, a hybrid course that allows students to meet the GWT requirement by completing the course successfully. CPU 401 was developed for students who have attempted the GWT at least twice but not yet passed. In the course, students will focus on writing, revising, and proofreading strategies and produce five essays, from which they will select the best three to submit in a portfolio to be assessed by GWT readers. If the portfolio passes, then the student's transcript indicates that the GWT requirement has been met. Students wishing to enroll should fill out this application and return it in person to the UWC (Library, 2919) or by fax (909-869-5350).

Last Name: _____ First Name: _____ Middle Initial: _____

Bronco ID: _____ Major: _____

Which quarter would you like to enroll in CPU 401: Fall: ___ Win: ___ Spr: ___ Sum: ___ Year: _____

Have you finished all coursework? ___ Yes ___ No If yes, when was your last course taken? _____

Cal Poly Email: _____@csupomona.edu Alternate Email: _____
Cal Poly Username

Daytime Phone: _____ Evening Phone: _____

Residential Address: _____
Street Address

City

State

Zip Code

Will you be leaving the Cal Poly Pomona area after participating in CPU 401? _____ Yes _____ No

If so, what will your new address be: _____
Street Address

City

State or Country

Zip Code

How many times have you taken the GWT? _____ What was your last GWT score? _____

Do you plan to apply for a GWT waiver if you do not complete CPU 401 successfully? ___ Yes ___ No

I understand that by signing up for CPU 401, I agree **not** to take the Graduate Writing Test (GWT) that is offered during the quarter. I also understand that, if I pass CPU 401, I have met the GWT requirement, but if I **do not** pass, I can retake the course or use my five essays toward a GWT waiver.
